Signing with different signatures is considered gross negligence and breach of the Card use conditions (unless the Card user through statutory procedure changes the name and (or) surname and provides the Bank with the supporting documents).

3.5. PIN approving payment transaction equates to Card user's signature.

3.6. The payment transaction carried out using the Card is considered to be authorized if the Card user:

In the case of specifying incorrect permanent SecureCode or one-time password for three times, online shopping with the Card is blocked. It is considered that the Card user, by providing the service provider the Card data online and further confirming the operation by two safe online payment program passwords, confirms that he/she gives the payment order to pay for goods or services.

3.13. When paying with the help of the Card, when payment transaction currency differs from the account currency, the currency conversion is carried out as follows:

3.13.2. If the payment transaction is carried out in other foreign currency (except euros), the payment transaction amount is converted into euros at the rate valid on the payment transaction date for MasterCard Worldwide or Visa Europe transaction processing currency and the resulting amount is converted by the Bank into the account currency at the main rate valid on the funds debiting from the account day for cashless currency selling, in addition adding the conversion fee specified in the *Service Rates*.

IV. CARD BLOCKING

4.1. Card user must block the card, if the card is lost, stolen or missing for other reasons, if it is suspected that it has been used illegally or is used to perform illegal (unauthorized) operations, or if the PIN code and (or) Secure online payment program password (s) are known to others. If the Card holder leaves the Card at an ATM, it is assumed that the card is lost.

4.2. In all the cases listed in paragraph 4.1, Card user must immediately orally notify the Bank, asking to block the Card and disclose his/her name, surname and password (Card User identity-confirming letter or number combination, specified by the Client when completing the Application). 4.3. Card user within 7 (seven) working days must approve his/her verbal message by submitting a written request to the Bank or via electronic channels. In this application the Card user has to set out in detail the Card disappearance (loss) circumstances, as well as state the reasons of the request to block the card. Card user's refusal or evasion without objective reasons to carry out this commitment is seen as non-cooperation with the Bank in explaining the Card disappearance (loss), PIN code, safe online payment program password disclosure circumstances in order to conceal the high negligence in the Card use violation of the Card use terms. If the card user is on a trip abroad, he/she within 7 (seven) working days of the oral notification to the Bank, must print out and fill in the Bank's notice form, which can be found on the Bank's website www.sb.lt, and send it by registered mail to the Bank at the address specified in the Contract or submit the report via electronic channels.

4.4. If the Card user within 7 (seven) working days from the date on which the Bank was provided the oral report on the card loss or suspicion that the PIN code and (or) Secure online payment passwords are disclosed by third parties or that in the account illegal (unauthorized) operations are performed, fails to confirm in writing or via electronic channels the Card disappearance fact and does not detail it in writing, or if the Card user, thinking that

the card was stolen and (or) in the account illegal (unauthorized) operations are carried out fails to timely inform the police, it is assumed that the Card user lost the Card or that third parties have learned the PIN code and (or) Secure online payment program password or illegal operations are carried out in the account due to the Card user's negligence. In this case, the Client is obliged to cover the costs incurred by using the Card before the day of an oral report to the Bank referred to in par. 4.2 as well as all the costs arising from the use of PIN code, Secure online payment program passwords.

4.5. If the card is blocked upon Card user's request, the Client shall pay the Bank the Card blocking fee according to the *Service Rates*.

4.6. If incorrect PIN code is entered in trade and service enterprises for five times or in ATMs for three times in succession, all Card payment operations, which require a PIN code are automatically blocked. If the card user knows the correct PIN of the blocked Card, he/she can annul the Card blocking at the ATM by him/herself.

4.7. The Bank is not responsible for the Card user's losses suffered due to Card blocking.

4.8. Card blocking is not the grounds for termination of the Contract. If, after informing the Bank of card disappearance, the Client finds it, it is prohibited to continue using the found Card. It must be returned to the Bank. In this case, the Bank, after receiving the Client's request, produces new Card for the Card user, as it is provided for in paragraph 2.6.

4.9. If the primary Card is declared invalid, the Card user can use the issued Additional card by the date specified on the card. If the additional card is lost, upon the notice, the Bank blocks only the additional card and the Client can use other cards without restrictions.

4.10. The Bank has the right to block unilaterally the use of the card:

4.10.1. If Client has received funds baselessly, till the fundraising related circumstances are clarified;

4.10.2. If Client account has a negative account funds balance, which is not covered within the period specified in the *General Payment Card Usage Conditions*;

4.10.3. If for one calendar year, no payment operations are executed in the account (operations do not include exchange rate recalculation, payment of interest on the account balance, payment of the fees as per *Service Rates*);

4.10.4. In the cases provided for in the *Payment Rules*;

4.10.5. Under other circumstances, when the Bank considers that the Card blocking protects the legitimate Client's and (or) the Bank's interests.

4.11. The Bank has the right to record and store the Card user's phone request to block the card and (or) any other telephone requests given by phone and, if necessary, use such records as evidence to support the respective application.

4.12. In case if the Card and account is blocked due to Client's outstanding debts to the Bank, the Bank removes the Card and account blocking, if the Client covers the debt and pays the Bank the fee for the card unblocking as per *Service Rates*.

5.1. If the Client, with the means of the Contract, is granted a credit limit, and if the Contract provides nothing otherwise, the

Client, after using the credit or a part thereof, shall be entitled to return it to the Bank with some periodicity and again use the whole or part of the credit, not exceeding the contractual credit limit, to pay interest and execute other obligations set forth in these *General Payment Card Usage Conditions*. The credit must be returned to the Bank no later than on the contractual final repayment date.

5.2. The Bank grants the Client the credit limit in the Account, if all the following conditions are met:

5.2.1. The Client, on the Contract signing day has paid to the Bank all the contractual charges;

5.2.2. The Client properly executes all the obligations arising on the basis of the agreement signed between the Bank or Bank subsidiaries and the Client;

5.2.3. The Bank has no information suggesting that the Client fails to fulfil his/her obligations under the Contract in the future.

5.3. If, after signing the Contract any of the conditions specified in paragraph 5.2 is disclosed, or they are not executed, the Bank has the right to refuse the Client's credit or to annul the granted credit limit. In this case, the Client-paid fee is not refundable, and if the Contract entering fee has not been paid, the Client has to pay it to the Bank.

5.4. For the used and (or) exceed credit limit, the Client pays the Bank interest and (or) double interest provided for in the Contract and (or) *Service Rates*.

5.5. If the Contract states nothing otherwise, interest is calculated from the first day of credit utilization and is calculated on each calendar day prior to full credit repayment to the Bank. Interest is calculated by assuming that the year consists of 360 (three hundred sixty) days and a month consists of 30 (thirty) days. Client pays interest to the Bank on the 30th day of each calendar month, and if the month does not have such a day, on the last day of the month. In the last month of the credit limit use, all accrued interest is paid on the final credit repayment date. Interest is paid in credit currency.

5.6. The Bank has the right to change the interest rate, indicating other size, if on the Client's initiative, by parties' agreement, final credit repayment day is changed, new credit repayment schedule is compiled or Contract is adjusted otherwise.

5.7. The Client must ensure that on the interest payment date the Account had the funds amount sufficient to pay the interest. If on the payment date Account does not have enough money to pay the interest, the Bank debits the interest from the credit limit granted to the Client, thus increasing the amount of used credit limit. If the Client's Account does not have funds enough to pay interest, the funds are debited from Client's other accounts held at the Bank, if necessary, converting to another currency.

5.8. In the case if when executing the payment transaction using the Card, including transactions when the Client pays the fees under *Service Rates* the granted credit limit is exceeded, it is assumed that the Bank, starting with that day, gives the Client the appropriate amount of credit, so the Bank calculates from this amount the contractual, and (or) double interest.

5.9. Credit, interest and (or) other payable sums are deemed paid on the moment of their debiting from the Client's Account and (or) other Bank accounts of the Client.

5.10. The Client has the right to cover all or part of the credit before the contractual final repayment date. The Client, after

deciding to cease using the credit or a part thereof, must apply in writing to the Bank asking for Contract amendment by reducing the credit limit or refusal from it.

5.11. The bank has the right unilaterally, giving prior written notice to Client, to change the credit or its part repayment, interest payment procedure, indicating the Client the account, to which credit must be returned and (or) other payables to be paid. In this case, the Client returns the credit and other payable amounts into the Bank-specified account.

5.12. On the date of the final repayment day and if the Client within 60 (sixty) calendar days does not return the Bank the used credit or the Client for sixty (60) calendar days exceeds the credit limit, or within sixty (60) calendar days fails to cover negative account balance, the Bank blocks the Card and debits the funds for debt covering from Client's other accounts in Bank or from the security provided by the Client (if the Client has placed such security).

5.13. After the Client covers the debt, if Card validity period has not expired, the Bank removes the Card blocking, having, before that, written off the fee for the card unblocking in accordance with the *Service Rates*.

5.14. If the Contract specifies that the Client is granted no credit limit for the Account, and the Client performs payment transaction with the means of Cards, the Bank pays money from the Account or debits the Client's fees payable for the services or operations carried out with the Card regardless of whether the account has sufficient funds balance, i.e. a debt forms (negative Account funds balance), in which case it is recognized that the Bank provides to the Client the appropriate amount of credit from the cash payment (account crediting) date and from its amount calculates the Client the interest as per *Service Rates*. The Client must repay the Bank the debt (negative account balance) within thirty (30) calendar days from the first actual debt arising day. If the Client within the specified period of time fails to cover the debt, double interest is started to calculate at the then valid rate specified in the *Service Rates*.

5.15. On the date specified in the Contract for the final credit repayment, if the Client has not returned the Bank the used credit, the Client has the right to apply to the Bank asking for repayment extension, and the Bank has the right, but not the obligation, to extend the credit or its part use term, or to establish the credit repayment schedule for the Client. In this case, the Bank and the Client sign an arrangement on the further use of the credit or its refund. Once the credit repayment schedule is formed, the Client repays the Credit to the Bank in accordance with scheduled deadlines and amounts.

5.16. Client undertakes, for the Bank's services or operations carried out with the Card, to properly and timely pay the Bank the fees specified in the Contract and (or) *Service Rates* (if applicable), if separate arrangements with the Client provide nothing otherwise. Client's fees payable, on the Bank's choice can be written off from the Account, and if the Client is granted the credit limit in the Card, from the credit limit granted to the Client or other Client's accounts held at the Bank.
